

BUSINESS OPTIMIZATION WORKSHOP

Lean Six Sigma Yellow Belt Certificate

RAVING'S BUSINESS OPTIMIZATION WORKSHOP equips team members with the foundational elements of the Lean Six Sigma Methodology to identify organizational improvement within their realm of influence.

By identifying areas of wastes and utilizing a common set of tools to outline process workflows, team members will be empowered to improve their operational systems. Individuals that obtain the Raving Yellow Belt Certification are recognized as valuable leaders within organizations, are more sought after by industries and usually advance their carriers at an accelerated pace.

Day One Lean Methodology

- Welcome & Introductions
- Lean Foundational Knowledge
- Lunch Break
- Lean Six Sigma Project Selection and Charter
- Identifying Key Customers and Critical to Quality Requirements

Day Two Analysis and Tools

- Process Mapping
- Data Analysis Baseline Metrics
- Performance Analysis

OUTCOMES:

- Equip your team with the skills to lead and execute organizational improvement projects
- Participants can obtain Yellow Belt certificates after completion of three-day course and online exam
- Real world solutions to current workplace challenges

TWO-DAY ADD ON: LEAN LEADER EXECUTIVE CHAMPION COURSE

THE LEAN LEADER EXECUTIVE CHAMPION COURSE provides participants with a thorough understanding of the leadership requirements of the Lean Six Sigma Methods, including competence in the subject matters contained within globally recognized Lean Leadership Body of Knowledge.
This program is intended for Executive Leadership | Up to 20 participants per class

EXPECTATIONS AND LONG-TERM IMPACT:

1. Most Yellow Belt projects realize \$25,000 to \$100,000 in documented fiscal benefits.
2. Individuals who choose to obtain the Raving Yellow Belt Certification are recognized as valuable leaders and usually advance their careers at an accelerated pace.
3. Engaged team members will stay twice as long and have a greater sense of accomplishment, value and purpose at their organization.

Meet Your Trainers

JEFF GRAY & MASON GRAY

Raving Partner – Business Optimization

Lean Revisions has performed numerous JSP Grants and certified Yellow Belt Training Programs in the state of Washington, including Silver Reef Casino Resort.

"A timely and valuable topic. The cultural aspects of a continuous improvement mindset are often neglected in favor of implementing tools, so this is a good introduction to those looking to start or revive a continuous improvement program."
